Bandung, Indonesia • dolijonviter17@gmail.com • +62 897 9971 180

PROFILE

I am a professional Mobile Developer with strong problem-solving skills and a passion for creating effective solutions in mobile application development. I have solid coding expertise in JavaScript and TypeScript, and hands-on experience with modern frameworks, API integration, UI implementation, and version control using Git/GitLab. I have successfully developed mobile applications for company clients, which are available on both the Play Store and App Store. I am also a strong team player with excellent communication and collaboration skills to ensure the successful delivery of products. I am now looking for new opportunities where I can grow professionally, contribute to impactful projects, and take on fresh challenges that push my skills to the next level.

EDUCATION

BSc in Informatics Engineering
Politeknik Pos Indonesia

2020

PROFESSIONAL EXPERIENCE

PT. Inova Medika Solusindo – Mobile Developer

Aug 2021 – Present

- Developed mobile apps for patients and doctors using React Native on Android and iOS.
- Integrated REST APIs and maintained front-end code based on UI requirements.
- Collaborated with back-end team to resolve data handling issues and enhance UX.

PT. Inova Medika Solusindo – Backend Developer

Aug 2021 – Present

- Built RESTful APIs using Node.js to support mobile application integration.
- Created endpoints for accessing patient and doctor data from PostgreSQL and MongoDB.
- Designed system infrastructure to support scalable hospital system integrations.

TECHNICAL SKILLS

JavaScript | TypeScript | React Native | Node.js | PostgreSQL | MongoDB | HTML | CSS | Git

PROJECT EXPERIENCE

- Led back-end and mobile teams to standardize integration across multiple hospital systems.
- Improved API scalability and performance for real-time patient and doctor data access.

SOFT SKILLS

Time management, Effective communication, Problem-solving, Team collaboration, Adaptability
